

Camp Miakonda Orienteering Trail

The Camp Miakonda orienteering trail was set up to meet the Boy Scout First Class requirement number 2.

Please be aware of the following:

- Scouts should have a good understanding of how to take and walk bearings with a compass.
- The buddy system should be used at all times.
- The trail is meant for daylight use only.
- Scouts should let their adult leader and/or the camp master know that they are going on the trail and note the start time.
- The paces shown on the sheet are approximate and should be adjusted to the person walking the trail. Each pace consists of two steps, i.e. left/right, left/right equals 2 paces.
- Bearings are also subject to the person sighting the compass, the type and accuracy of the compass, and where the person is standing in relation to the existing marker.
- Upon arriving at the proposed marker location, one must observe that the marker may not be exactly at that spot. Look around the general area for the marker. (see previous note)
- Markers are a 2" x 2" post with red and white triangles painted at the top. The "flag mark" is on the top of the stake.

This trail was set up and maintained by Rodger Phillips and Tom Hill of Troop 123 in the Commodore Perry District. Any discrepancies or missing markers should be reported to them.

Rodger Phillips	419-320-2157
Tom Hill	419-350-2962

First Class Requirement #2

Read Trail Information Sheet before beginning.

Name: _____ Troop _____

1. Start at the Northwest corner of Steadman Cabin. **Start Marker**
2. Walk a bearing of **260 Deg** for **52 paces**. **Flag mark?** _____
3. Walk a bearing of **200 Deg** for **60 paces**. **Flag mark?** _____
