## Erie Shores Council, BSA Actions Regarding COVID-19

As we continue to adapt to more daily life at home during this National Emergency, here is an update of the Erie Shores Council operations regarding COVID-19. Information is current as of April 22, 2020.

### Jadel Leadership Center

Effective Monday, March 16, the Jadel Leadership Center & Iott Scout Shop are closed until further notice. We look forward to opening sometime in May in accordance with pending directives from State of Ohio Health Department. All ESC staff are available to meet virtually, respond to emails, make calls as able, and continue daily business to best serve our volunteers remotely. If you need to conduct business with the Council Staff, please do so preferably by email.

### District and Council Events

All district and council in-person events are now postponed or cancelled through Sunday, May 17. We encourage District Committee, Commissioner, and Roundtable meetings to be held in a virtual environment. We may need to extend this period as more information becomes available from our state leaders.

As District and Council Events begin to be rescheduled for future months, remember that we may not be able to hold every single event in 2020 and therefore may have to wait until 2021 for that event to occur again. We are looking at several events to reschedule to August, and those announcements will be handled via email, website, and Facebook.

### Unit Meetings & Events

All units should comply with their charter organization's policy on meetings and gatherings regarding unit-level activities. Our Scouts' safety should be our number one priority. Please utilize guidance provided by the CDC, your local authorities, and chartering organizations in determining whether to cancel or postpone your events.

## New Campsites at Camp Miakonda!

The Rangers at Camp Miakonda are happy to bring you new tent campsites for when you are ready to camp!

Some of you may remember the old Adirondacks, of which some of the concrete platforms will be used as a couple of our new sites. Located on the existing Adirondack loop on the west end of camp, we bring you six new campsites which are named after some of the most important names in Camp Miakonda history.

The campsites are:

**Dutch & Irish** – Named after the two young daughters of our first full time executive. You may recognize their names from the exterior plaster of the museum building where they wrote their names and remain to this day.

**Edward Libbey** – A Toledo glass industrialist and a major benefactor of improvements to the infrastructure at Camp Miakonda.

**Jacob T. Goose** – aka Jake the goose was the famed Camp Miakonda mascot in the 1950s and you can spot his tombstone overlooking the Chapel.

**Backwoods** – One of the earliest tent campsites at Camp Miakonda. This campsite is located right near where the original Backwoods Camp used to be.

**Paul Robinette** – A WPA architect in Toledo who was responsible for designing multiple buildings at the Toledo Zoo as well as the Council Lodge and many other structures at Camp Miakonda

**J. St. Claire Mendenhall** – One of the first 100 Eagle Scouts in BSA history, founder of the Gimogash Tribe, and our first full time council executive.

To reserve a campsite, visit [www.erieshorescouncil.org/miakonda](http://www.erieshorescouncil.org/miakonda) or call Samantha Andreas at 419-843-0107.

## Digital Safety and Online Scouting Activities

As Scouting moves to virtual and online platforms, we offer the following reminders to help keep kids safe. The below guidance applies to all online Scouting activities and meetings.

### Follow all youth protection policies.

- **All youth protection policies still apply in an online environment.** Ensure you always have two-deep leadership for online activities and meetings – whether in person, online, through a web conference, over the phone, via text, or in any other form.
- All aspects of the Scouting program are open to observation by parents, and the BSA suggests parents take part in online activities and meetings.

### Use business-oriented conference platforms instead of platforms with other primary purposes (such as gaming).

- Examples of business-oriented conference platforms: Zoom, Skype, GoToMeeting.
- Examples of platforms that are not recommended: Discord, Roblox, and Twitch.
- Please review the terms of service, safety and privacy features, and data collection policies of any platform you use, and review the BSA Digital Privacy and Social Media Guidelines linked below.

### Do **not** record online activities/meetings.

- Call recording is subject to various legal requirements under U.S. law. Considering

those potential regulatory risks, the BSA does not authorize the recording of online meetings/activities.

### Safeguard personal information.

- If you collect a person's personal information online—for example, through web forms used to register people for online meetings—then you should post a notice or disclosure at the point of collection describing how you will use the information.
- Meeting organizers must keep such information private and not share a youth's personal information with anyone except that youth's parent or guardian or the unit leader responsible for tracking advancements.

### Collecting personal information from youth under 13 is not recommended.

- Do not collect personal information directly from youth under 13 years of age due to the parental notice and consent requirements under the Children's Online Privacy Protection Act ("COPPA"). You should collect any data needed from the parent or legal guardian only.

## BSA Safety Moment: Communicable Disease Prevention

**W**e've all caught some kind of infection, or sickness, from someone else. These illnesses are known as communicable or contagious diseases because they are spread from one person to another. They may occur when a healthy person becomes infected through contact with a sick person or by touching something that a sick person has come in contact with.

Communicable diseases are caused by germs—both viruses and bacteria—and some examples include colds, flu, or strep throat. You can catch infections in several different ways, but all involve germs coming in contact with mucous membranes (like your eyes, nose, or mouth) or through breaks in the skin (like a cut or a hangnail).

For more information about Communicable Disease Prevention and other BSA Safety Moments, please go to [www.scouting.org/health-and-safety/safety-moments](http://www.scouting.org/health-and-safety/safety-moments)

### PREVENTION

- **Clean Surfaces** – Use a diluted bleach solution or commercial disinfectant.
- **Wash Hands** – Wash with soap and water for at least 20 seconds.
- **Wear Gloves** – Wear gloves when caring for an infected person or when cleaning.
- **Don't Touch** – Don't touch obviously infected areas (like a fever blister or wound).
- **Don't Share** – Don't share personal items like combs, cups, towels, soap or eating utensils.
- **Stay Away** – Stay away from those who are ill or if you are ill.
